Federal Register Notice of Amendment To Change Reclamation Milestone Dates in Source Material License SUA-648 Held by Umetco Minerals Corporation

AGENCY: U.S. Nuclear Regulatory Commission.

ACTION: Amendment of Source Material License SUA-648 to change reclamation milestone dates.

SUMMARY: Notice is hereby given that the U.S. Nuclear Regulatory Commission has amended Umetco Mineral Corporation's (Umetco's) Source Material License SUA-648 to change the reclamation milestone dates. This amendment was requested by

Umetco by letter dated April 21, 1995, and its receipt by NRC was noticed in the **Federal Register** on June 21, 1995.

The license amendment modifies License Condition 59 to change the completion dates for four site-reclamation milestones. The new dates approved by the NRC extend completion of (1) placement of final radon barrier on the A-9 Impoundment by one year, and (2) placement of erosion protection on the Inactive Impoundment, the A-9 Impoundment, and the Heap Leach Impoundment by one year. Umetco attributes the delays to (1) NRC's re-examination of cover design for performance with current standards and practices, and (2) short construction season at the Gas Hills site. Based on review of Umetco's submittal, the NRC staff concludes that the delays are attributable to factors beyond the control of Umetco, the proposed work is scheduled to be completed as expeditiously as practicable, and the added risk to the public health and safety is not significant.

An environmental assessment is not required since this action is categorically excluded under 10 CFR 51.22(c)(11), and an environmental report from the licensee is not required by 10 CFR 51.60(b)(2).

SUPPLEMENTARY INFORMATION: Umetco's license, including an amended License Condition 59, and the NRC staff's technical evaluation of the amendment request are being made available for public inspection at the Commission's Public Document Room at 2120 L Street, NW (Lower Level), Washington, DC 20555.

BILLING CODE 8010-01-M

[Release No. 34-36150; File No. SR-MSRB-95-13]

Self-Regulatory Organizations; Notice of Filing of Proposed Rule Change by the Municipal Securities Rulemaking Board Relating to Fee Assessments and Reporting of Sales or Purchases, Pursuant to Rules A-13, A-14, and G-14

August 23, 1995.

Pursuant to Section 19(b)(2) of the Securities Exchange Act of 1934 ("Act"), 15 U.S.C. 78s(b)(2), notice is hereby given that on August 11, 1995, the Municipal Securities Rulemaking Board ("Board" or "MSRB") filed with the Securities and Exchange Commission ("Commission" or "SEC") a proposed rule change (File No. SR-MSRB-95-13). The proposed rule change is described in Items I, II, and III below, which Items have been prepared by the Board. The Commission is publishing this notice to solicit comments on the proposed rule change from interested persons.

I. Self-Regulatory Organization's Statement of the Terms of Substance of the Proposed Rule Change

The Board is filing amendments to three of its rules to make certain changes in the fees assessed to brokers, dealers and municipal securities dealers ("dealers") that engage in municipal securities activities regulated by the Board. The proposed amendments relate to the following rules: rule A-13, which currently provides for fee assessments

based on underwriting activity; rule A-14, which provides for an annual fee paid by dealers to the Board; and rule G-14, which currently requires reporting of certain transactions in municipal securities to the Board for purposes of public price reporting and market surveillance. The proposed amendments are collectively referred to hereafter as "the proposed rule change." The Board has planned that the proposed rule change will become effective October 1, 1995, to coincide with the beginning of the Board's 1996 fiscal year. The Board accordingly requests the Commission to approve the proposed rule change in such time as to allow it to become effective on that date.

II. Self-Regulatory Organization's Statement of the Purpose of, and Statutory Basis for, the Proposed Rule Change

In its filing with the Commission, the Board included statements concerning the purpose of and basis for the proposed rule change and discussed any comments it received on the proposed rule change. The texts of these statements may be examined at the places specified in Item IV below. The Board has prepared summaries, set forth in Section (A), (B), and (C) below, of the most significant aspects of such statements.

The purpose of the proposed rule change is to help provide sufficient revenues to fund Board operations and to allocate fees among dealers in a manner that, compared to the current fee structure, more accurately reflects each dealer's involvement in the municipal securities market. The proposed rule change would accomplish these purposes by: amending rules A-13 and G-14 to institute a new assessment of \$.01 per \$1,000 par value on all interdealer transactions that are required to be reported to the Board under rule G-14; amending rule A-13 to lower the current underwriting assessment from \$.03 per \$1,000 to \$.02 per \$1,000; and amending rule A-14 to increase the annual fee assessed to dealers from \$100 to \$200 per dealer.

The Current Fee Structure

The Board currently levies three types of fees that are generally applicable to dealers. Rule A-12 provides for a \$100 initial fee paid once by a dealer when it enters the municipal securities business. Rule A-14 provides for an annual fee of \$100 from each dealer who conducts municipal securities business during the year. Rule A-13 provides for an underwriting assessment, based on the par value of a dealer's participation
